## SPRING 2024 FRUIT TREE ORDER FORM

Send completed form to [sales@michigantimbershack.com](mailto:sales@michigantimbershack.com)  
 We will then email you your order which you can pay by credit card online. Trees will be ready for pickup beginning March 29th.

Our fruit trees boast an added advantage through the use of improved root stock. Grafted onto these resilient and enhanced root systems, our fruit trees offer a host of benefits to garden enthusiasts. The improved root stock not only enhances the tree's resistance to diseases and improves soil adaptability, but also contributes to fruit production at an earlier age. This ensures a healthier and more vigorous growth, leading to bountiful harvests. By choosing our fruit trees with improved root stock, customers invest in a more robust and disease-resistant orchard, fostering a thriving and fruitful landscape for years to come.

\*Please feel free to contact us with any questions regarding root-stock varieties

5 gallon pot - typically 5/8" trunk caliper, approximately 5-6' tall

7 gallon pot - typically 3/4" trunk caliper, approximately 6-7' tall

15 gallon pot - typically 1"+ trunk caliper, approximately 6-8' tall

\*Substitutes may be offered if varieties become unavailable or do not make grade
